During the summer of 1977, a turn-over in administration occurred at Mission Viejo High School, and in the position of Activities Director, a new face appeared. Mr. Tim Sullivan, a Biology teacher for the past seven years, took over the very challenging role. Working with administrators, faculty members, and students, Mr. Sullivan displayed a true devotion to his new job and compassion for the people he worked with. Mixing hard work and late nights with fun and laughs, Mr. Sullivan brought a new sparkle to the office of Activities. Mr. Sullivan, a friend as well as an advisor, will always be a special and respected man, and for this reason **the Yearbook Staff is proud and honored to dedicate the El Viejo '78 to Mr. Tim Sullivan.**

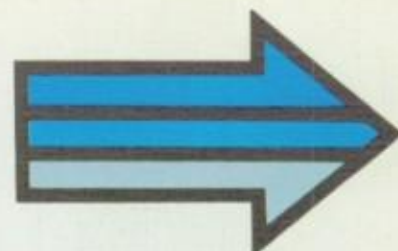

The theme of our yearbook is Directions. Most students do not really take a yearbook theme very seriously. Just a boring tradition to fill up the first pages of the yearbook. Our theme this year should mean something to every student in our high school. Everyone has a direction, or rather many directions. Some of these directions are demonstrated by the students on this page. Some are involved in athletics, some music, others going in academic directions. But no matter which one area or combination of areas they are heading towards, the fact is, they are heading in a direction. All of us are constantly moving forward, some faster than others. We must all have a direction, a place to go, a goal to strive for. As you progress through school and life, we hope you will always have a direction in which to travel, and hopefully it will bring you great happiness and prosperity.

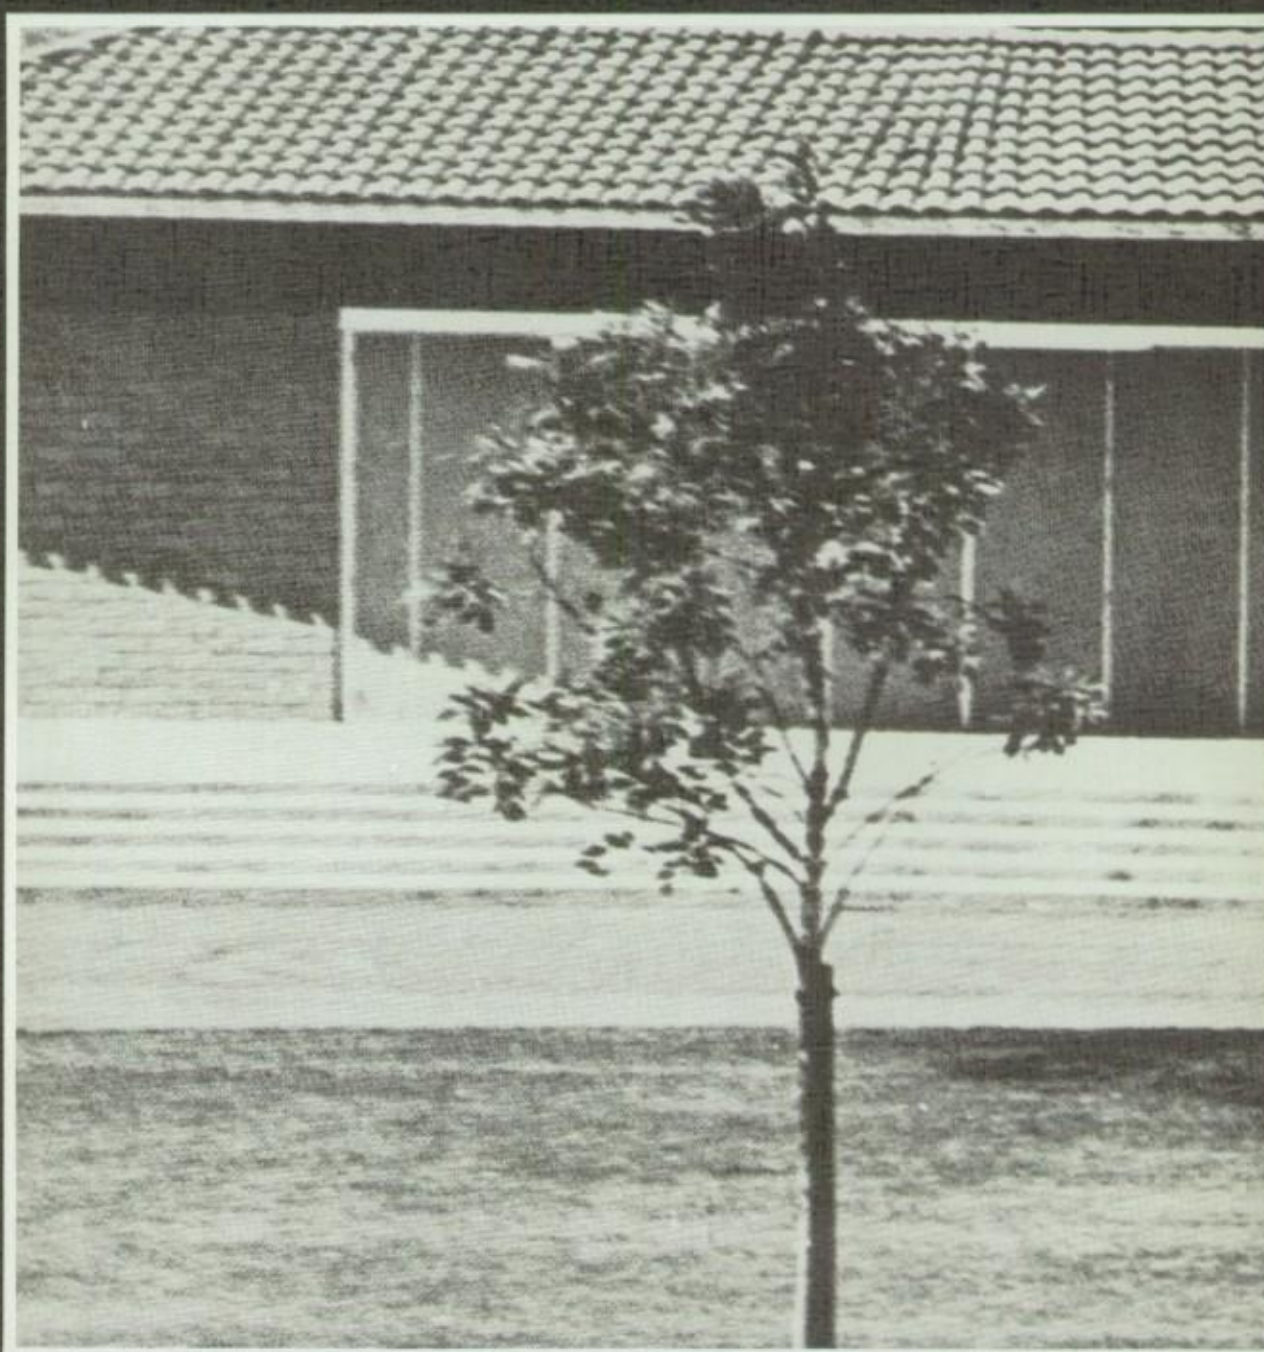

DIRECTIONS

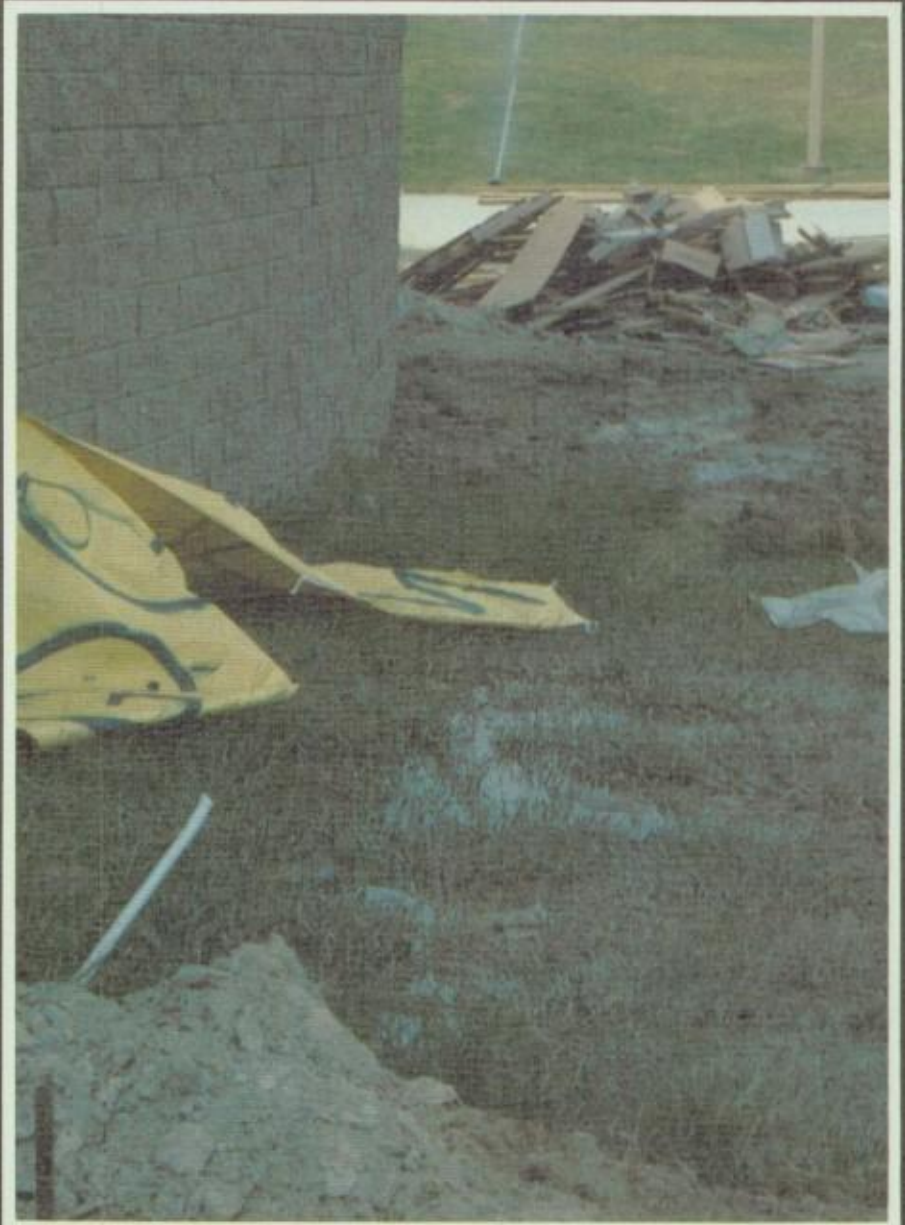

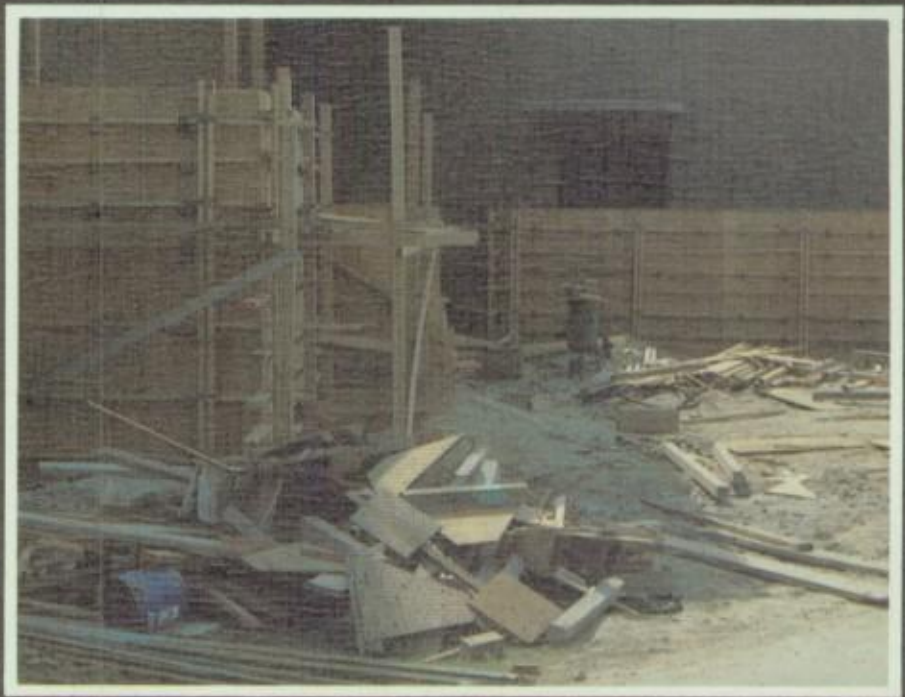

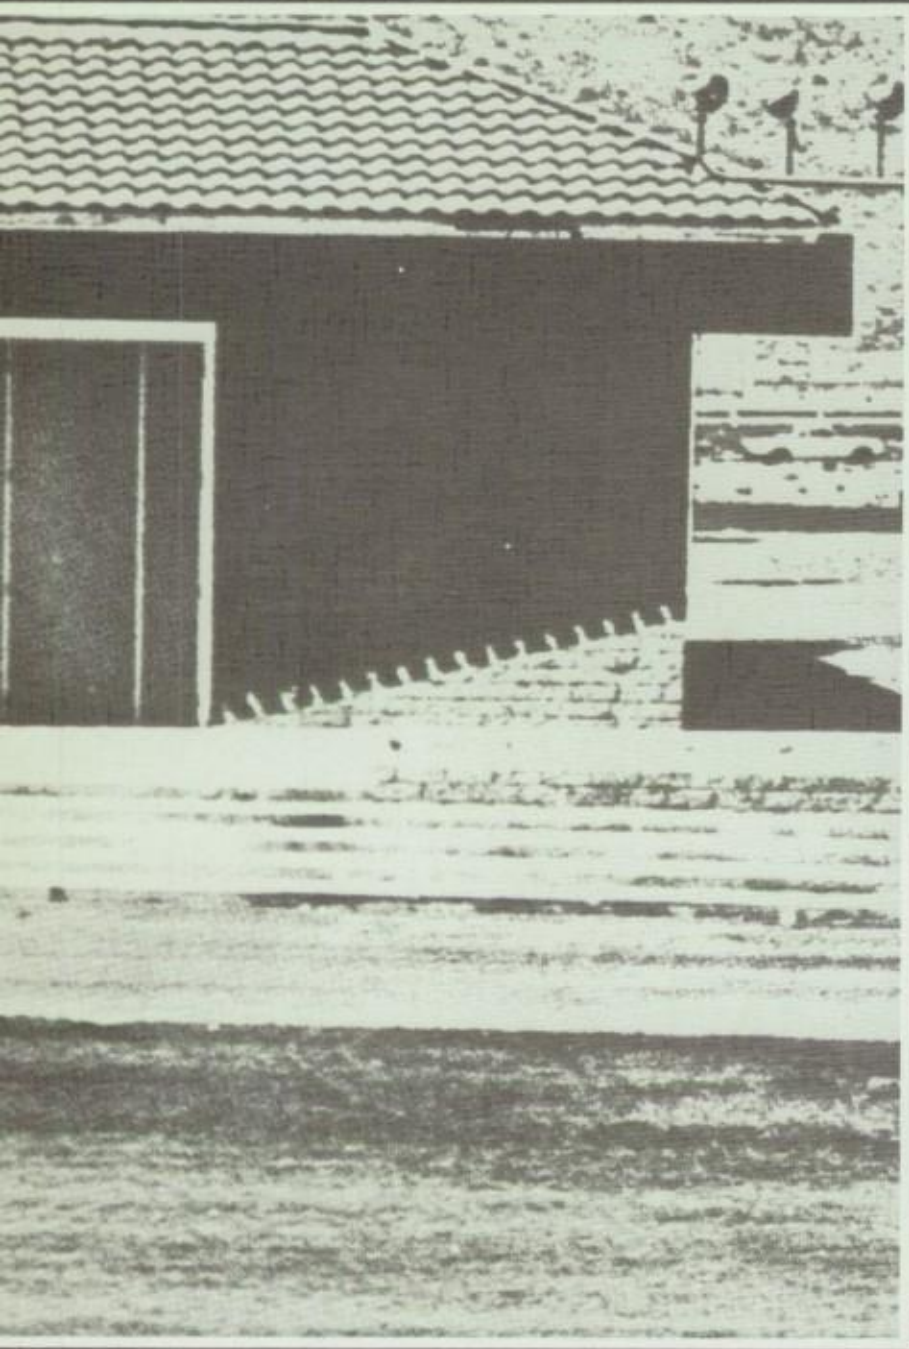

CONSTRUCTION OR ...

Since the inception of Mission Viejo High School, the Senior Lawn has been a beautiful asset to our school. The spacious grass area accented by wood benches and shade trees has always made for a serene and peaceful resting spot. But, for the students attending Mission this year, the scenery has been changed somewhat. Because of an addition onto the band room, part of the Senior Lawn was destroyed and the tranquil atmosphere was partially taken away.

A YEAR!

Craig winks at the camerawoman.

How could a Senior forget the night before Baby Day? And the Juniors . . . How could the Class of '79 forget winning Spirit Week? For the Sophomores, remember Driver's Ed? What about the Freshmen? Well, 1977-78 was probably a year they will always try to forget. But surely everyone, no matter what his memories, will remember what a year 1977-78 was.

No docking in quad areas.

Janet says, "Howdy!"

Canned Freshman for lunch.

See, I had a special year to me. It was a great year and I hope you and I just have a great year next year. (Don't eat any more candy and I had a lot of fun knowing you and hope you have a great next year. Love, C.

What Have You Been Up To?

Hey Buddy,

It's been a great year. I'm sure glad I have a buddy that I can talk and listen to. The best thing anyone could ask for is friends. We've had some pretty cranken partys at The Park and at the beach and at your house.

We shall party many times before this summer is over.
Thanks for

being my
buddy.

WANTED: SPIRITED FRESHMAN

Come up and see us sometime.

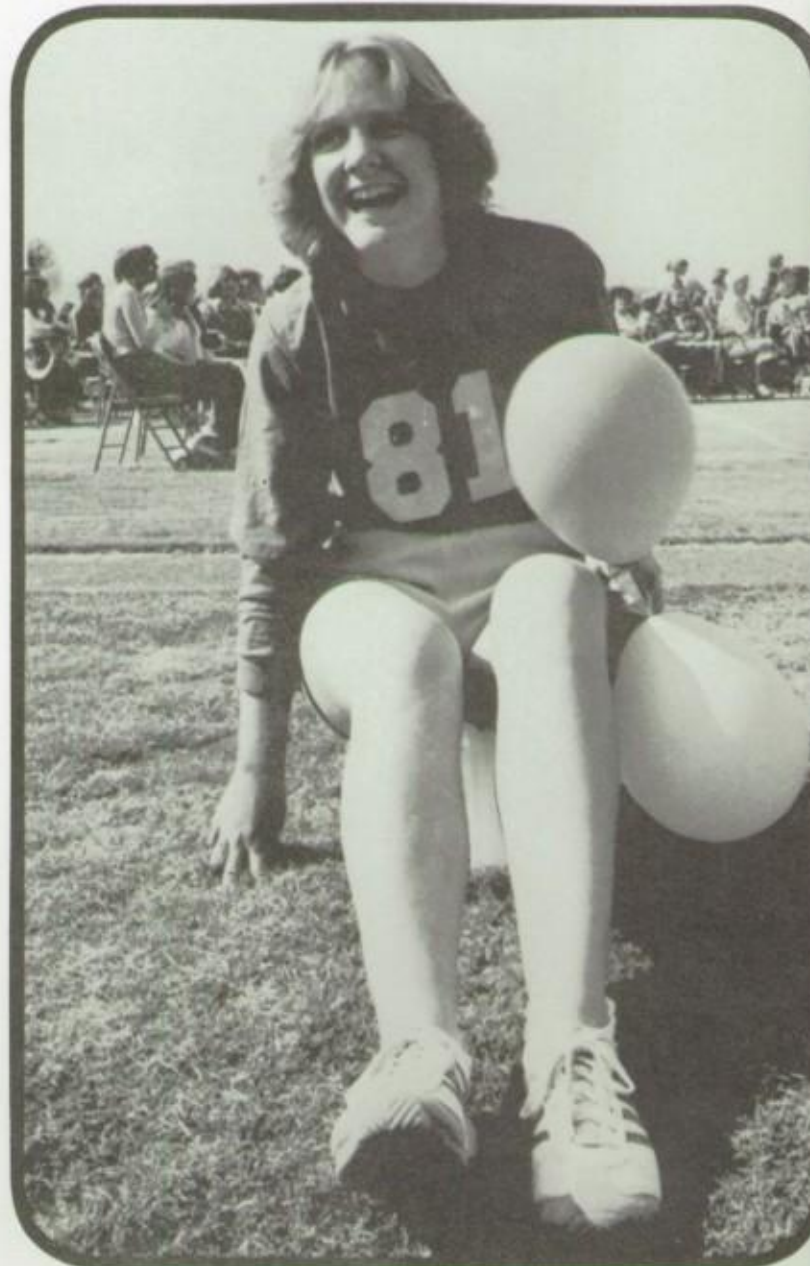

A coy cowgirl.

We just raided the chuckbar.

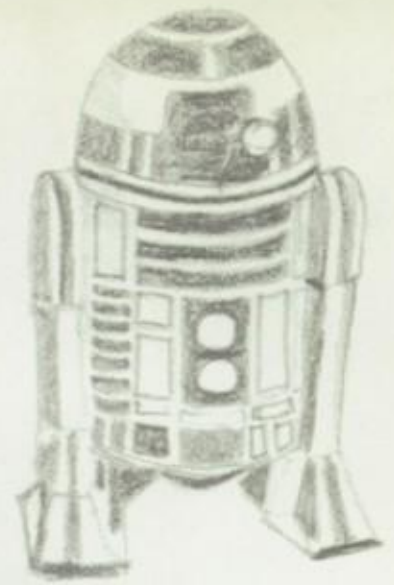

Freshmen: Westerners of the class of '81 really sparked their spirit flame with a shoot-out at the O.K. Corral during snack on Wednesday, October 19.

Sophomores: Somewhere in a far off galaxy a long, long time ago, Star Wars invaded Mission Viejo High School. It was the 77th year of the twentieth Century and as twelve Darth Vadars converged upon the office, everyone knew the Sophomore aliens had arrived.

I just love making a fool of myself.

Baby Day — Smashing Success

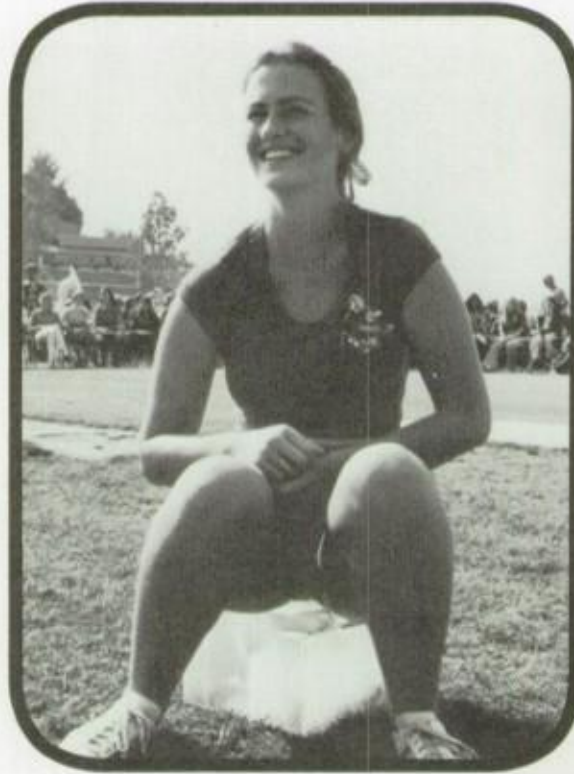

As students of Mission Viejo High School entered their esteemed place of learning on the chilly morning of October 20, some noticed a change of scenery on campus. At the sight of pink, blue and yellow toilet paper there could be no doubt that it was Baby Day at M.V.H.S. After a night of frolicking with classmates, all looked forward to a delicious Senior breakfast of pancakes and sausage provided by the PTO. Other events of the day were a bottle-drinking contest, hop-sotch relay and as always, Red Rover!

Athletes Feel the Thrill of Victory

"Gonna fly now . . ." Well the Juniors certainly did fly on Spirit Day. A fine showing of athletes as well as skill in such events as the Tug-o-War, added to the Juniors' ultimate victory. Congratulations Class of '79."

Terri cools off.

Thanks to ASB Council's hard work and dedication, Homecoming 1977 was a beautiful success. The game, highlighted by the colorful halftime festivities, saw Mission's mighty football team actually defeat the Dana Hills Dolphins. Debbie Jacobson, with five lovely princesses looking on, was crowned as Queen by last year's Queen Marlynn Parada. The dance, held the next evening in the superbly decorated gym, wrapped up an exciting Spirit Week to the melodies of Stevie Wonder's "You Are the Sunshine of My Life."

The drama department has done another fine job of entertaining this year. Under the direction of Mrs. Ann Vardanian, we were witness to some great performances, especially in the case of "Antigone." Ranked in the top eight schools of Orange County. The cast and Mrs. Vardanian were able to travel to Occidental College to perform with the best of Southern California. Other accomplishments for the year were "Blithe Spirit" and the ever-popular lunch box theater, while finishing the season with "Carousel." It was a year of considerable growth and achievement for Drama Workshop. Congratulations.

The 1977 Christmas Formal was a great success due to all the hard work and talent of the Girls' League. The formal was held at the Sheraton Anaheim. The dance theme was "All Alone." Music was played by the band **Free Flight**. Rod Rosile and Shelly Felt were King and Queen. Congratulations to the 1977 Christmas Formal Court.

Dance workshop, guided by Tai Hains was an outstanding success again this year. The girls put hard work and time in both performances. This year, for the first time, two gentlemen, Joe Klien and Pedro Diaz, performed with the ladies in a disco routine. Thank you ladies, you are deserving as much as you are dedicated.

Practice for the dance "Facets of Life."

Sweepstakes Float

"My beak is too long."

The flowers go up there?

Once again the community of Mission Viejo was represented in the Rose Parade. Thanks to Mission Viejo Co., and a dedicated group of students from Mission High, our float was greatly honored with the Sweepstakes Prize in the non-commercial division. Our homecoming queen Debbie Jacobson was aboard to represent our school. Much thanks to everyone who helped create our beautiful success.

Sadie Hawkins '78

The traditional Sadie Hawkins dance was a foot-stomping success this year. Sponsored by the Drill Team, the hoedown was held in the gym on March 30. In keeping with the theme all were garbed in Lil' Abner style dress and hitched by good ol' Marryin' Sam. Many couples summed up their opinion of the dance with one word . . . WAHOO!

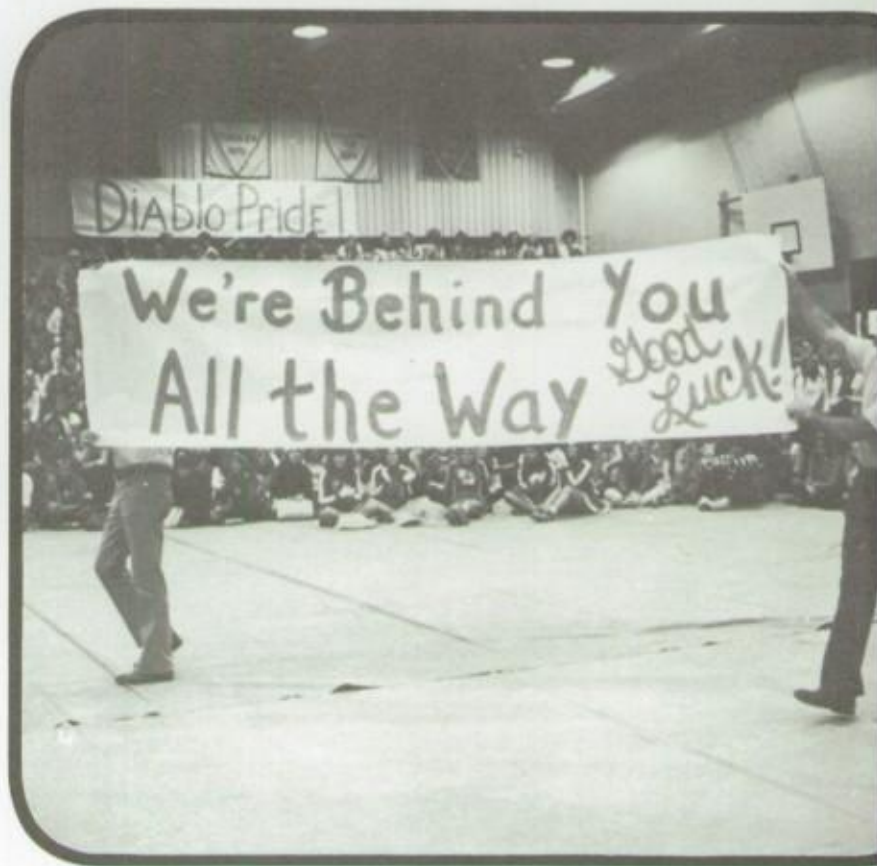

It was Friday, the last day of the week. You were wondering why all of your classes were ten minutes shorter. You were also wondering why there were two fourth periods and why all the cheerleaders were wearing their uniforms. You were especially wondering why the Senior President was wearing eight suits of clothing! Well, you were obviously inexperienced in Mission Viejo High School assembly-going. These were those fun filled events held in honor of the "Big Game" or even the little game, with entertaining ASB skits and other spectacles of athletic prowess. We'd like to thank our fearless Pep Commissioner and all of those people involved in the production of those great Friday mornings.

No, you can't see my owie!

This year's Junior-Senior Prom Court were Seniors selected by the Junior Class Council for their extraordinary contributions to Mission Viejo High School. The King and Queen were chosen by popular vote. Unfortunately their identities were not known before the yearbook deadline. The Prom itself took place in April at Lion Country Safari, with "Will You Miss Me" written by Junior Diana Harrelson as the theme. Certainly it is impossible to recognize all who make important contributions to the school, as the Junior Class Council realized while struggling to make their decision. May we congratulate the 1978 Junior-Senior Prom Court.

Diablos Honor Grid Stars

For the first time in the history of Mission Viejo, the Diablos were able to capture the title of League Champions. The offense was lead by All-League quarterback Scott Spear. Runningback, Allen Parker, was able to pick up plenty of yardage behind blockers: Kevin McDonald, Barry Baker, Mike Brawly, and All-League guard John White. All-County linebacker, Dan Charnitski, All-League tackle Jerry Nelson and Mike Ochoa made it tough for opponents to get anywhere.

To describe the 1977 Sophomore Football Season as a success would be unjust. For Coach Dick Robbins and his team it was much more than that. They came one game away from being the only sophomore team in the history of the school to go unbeaten and untied throughout the season. But the last game of the year their most valuable player Louie Ochoa was brought up to the varsity and, as a result, Louie's teammates fell at the hands of the El Toro Chargers. David Breer, Kevin Garner and Bill Coeper were all standouts for the 1977 sophomore team. But they came up short of their goal and finished only 8-1 with a second place finish in the South Coast League.

Freshman Season Was an Almond Joy

The 1977 Freshman Football team was very impressive this past season with young talented players on both offense and defense. Coach Almond led his team to a 6-3 overall record with five of those victories coming by shutouts. The immovable defense was spearheaded by defensive back Kevin Varner and linebacker Dana Johnson, who was also selected team most valuable player. The offense unit was led by player Rob McKezie and fullback Jeff Ferguson who were both instrumental in the Freshman offensive attack.

Led by seniors Mike Woods and Andy Kontrimas, the team scored some impressive wins in the Moore League Tournament and played tough against powers Monte Vista and University. The Frosh-Soph team also played well as they captured first place in league and should provide a strong nucleus for future teams.

Under first-year head coach Bob Minier, the 1978 Varsity Basketball team once again made the CIF playoffs. Unfortunately for our Diablos, the first-round opponent just happened to be one of the best basketball teams in the Southern Section, the Ganesha Giants. Despite the fact that Ganesha's Giants are not only tall, but talented, too, Mission High's team played a very respectable game, consistent with their previous showings.

Led by juniors Pete DeCasas and Mike Roberts, seniors Jim Cumming, Mike Boster and Rick Kreuzer, and rookie coach Mr. Minier, the Diablos entire '78 season was indicative of the fine attitude that Mission's sports program strives for.

Powerhouse Mission High Swim Team

A common question asked by many Mission Viejo students: "We have a swim team?"

Yes, Mission High, not only do we have a swim team, but a team competent enough to have been named "Best High School Swim Team of 1977 and 1978." This title was given to our school, not by Mission Viejo Company, but by the most prestigious magazine in swimming "Swim World." No small feat is this, considering that this means that our swimmers are among the best — not only in the U.S.A., but possibly even in the entire world.

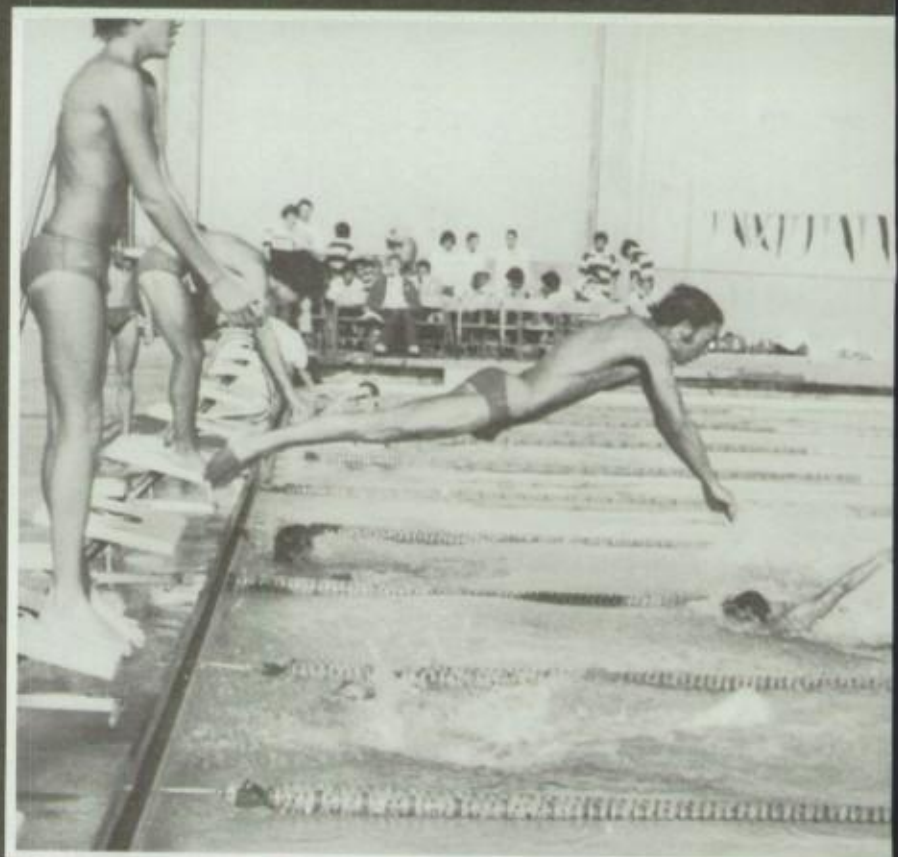

On a high school campus where apathy is the byword of the elitist cliques, it is not surprising (yet nonetheless depressing) to see the small "crowds" that turn out to see this Dynasty of High School swimming annihilate the opposition with what appears to be relative ease, but is actually a perfect lesson in the age-old adage, "Practice makes perfect." It is interesting to note that, while other sports with much more student support scrape to make a third or fourth place finish (and when that third place is securely in our teams' grasp, the coach praises the team for all the work they put in to accomplish that 3-5 record) despite an obvious lack of student recognition, the "Swimming Diablos" have been undefeated in league competition since the 1975 season. In addition to this, Mission has taken the CIF southern section title five straight years and now have been named Number 1 in the nation for two consecutive years.

So, it is in this deficiency of enthusiasm that I, on behalf of the El Viejo Staff '78, salute the greatest group of athletes to ever bear the name "Mission Viejo."

J.V. Off to a Wet Start

Attempting to play baseball in the rain is not the most appealing subject to baseball players. However, due to an unusually long, rainy winter, the usually dry baseball season started amidst puddles and rivers and darkened sky.

The weather hasn't hampered the J.V.'s yet, though. Led by Frank Spear, Brian Okazaki, Bob Cox, and Clark Decker, the J.V.'s seem likely to follow in the varsity footsteps in their pursuit of the league flag.

Frosh-Soph Displays Athletic Potential

This year's Frosh-Soph Baseball Team is looking towards the League Championship and could very well achieve its goal. Although the defense is lacking, Mission's potent offense could carry them to the title. Junior Varsity ... an Even Season

Three-fourths of the way through their season, the Junior Varsity Team's record was 5-5. Considering the lack of playing experience, Coach Linda Schwartz is pleased with the team's performance, for eight of the twelve players are new. Captain Cristi Fransen did a fine job of leading the team. Coach Schwartz will have an experienced team next year with the new girls gaining playing time this year.

Varsity ... C.I.F. Bound

Under new Varsity Coach Melody Parker and Captain Kim Bachelder, this year's Varsity Volleyball Team did exceptionally well. Their balanced attack and stable defense led them to a mid-season rating of sixth in C.I.F. Coming from a strong South Coast League, this was an impressive rating for Mission High. Coach Parker had an experienced team to work with this year. She will have to move up J.V. players next year as 5 of the 8 varsity players are graduating. All in all, a bright future for Coach Parker.

Tennis "Lobs" Into Action

Although the Girls' Tennis Team got off to a slow start, the fine coaching of Mrs. Asaro and Miss Palmer pulled the team back into shape. With the aid of the top single players Colleen Mohan and Kim Winters, and much help from the two top double teams Ann Gensichen, Jenny Roth, Chris Thompson, and Jane DeVries, the team was able to get back into the race for the South Coast League Title.

The Grace...

Those of you who attended the dance workshop in January this year will agree it was very successful. This year it offered an entertaining variety of dancing styles. These included some "boogie" with the "Main Mann" and some serious ballet. As well as some more modern dancing skits, including one patriotic tribute performed by Pam Gabor and Holly Hayes. The abstract finale fell in perfect harmony with the balance of the show. Ms. Hanes worked very hard with the dancers, helping them with steps and assisting in the choreographing. Both nights were a big success and we look forward to next year's workshop with enthusiasm.

. . . And the Endurance

Driven by Coach Overton and captains, Tami Darr and Angie Dineno, the Girls' Cross Country Team could often be seen running all over Mission Viejo. Their running was not in vain, for, in only its second year of existence, the team did great. Placing fourth in League this year, the team is looking to a bright future.

This year's Girls' Varsity Field Hockey Team was quite successful. Under the coaching of Ms. Most, C.I.F. was in sight by a half of a game. Cyndi Perez contributed a lot to the success of the team by making goals. Due to the rain, the first games were canceled, but team captain, Cyndi Mourer, and the rest of the team didn't let the slow start hold them back.

Success for J.V.

This year's Junior Varsity Field Hockey turned in an impressive performance. With one game left in the season the J.V. team has an outstanding chance to win league! Varsity Rolls to Playoffs

This year's Girls' Varsity Basketball has once again shown their power. Winning the South Coast League with an impressive record of 21-1, the Varsity now moves on to C.I.F. playoffs. With Jeanne Beauprey averaging over 20 points a game, Mission is expected to go even farther than their last year advancement to the quarter-finals. Once again, you have come to the section in your Yearbook that we have dedicated to those who instruct us. Our teachers have demonstrated their kindness this year as they have in the past, and as we are sure they will continue to do in the future. So get ready for another fantastic presentation of our teachers!

The Directors Behind the Scenes

Principal's Message

The 1977 school year was filled with excitement, challenge, effort and achievement. The excitement of football crystalized our school spirit and gave us a winning attitude that prevailed for the year.

The ASB under the leadership of Wendy Pospichal, planned a year of activities that was filled with worthwhile fun. Each of you had the opportunity to participate in a variety of clubs, dances, and extra curricular programs. Our student body scores on nationally-normed tests continued to place us in the upper percentiles in reading and math. This was a reflection on the quality of our student body and our faculty.

Thank you for sharing this year with us. I wish you the best of luck always.

Noblesse Oblige

Dr. Richard Welte, Superintendent

As Superintendent, I am honored to have been asked to contribute to your Yearbook. During your school years, you have experienced some very disillusioning and negative events, such as corruption and dishonesty by elected officials, from local County politicians to the White House. With Vietnam, you observed your Nation less than resolute and divided about conducting a military campaign in Southeast Asia. Vietnam made us painfully aware of the anguish which can come when an undefeated team suffers its first setback.

As Superintendent, I am truly concerned for you and for your future. I am concerned about the cynicism and disillusionment which seem to have infected many young people today, and as a result, have appeared to diminish the importance of the values and ideals which have contributed to our strength as a Nation and as a people.

My concern for you is not that you will have difficulty in competing in life, for your parents, living where they do, have provided you with an educational opportunity second to none. Your teachers and the facilities in which you have been attending classes are the finest that the teaching profession and the profession of architecture have to offer.

Be assured that God is not dead nor is idealism! It is more than euphemistic rhetoric to say that much of what is needed in our Land today is within your ability to provide. For you, individually and collectively, truly represent the best this Nation has to offer. The strength of any nation lies not with its military power, but with its people doing the simple and responsible acts of everyday living.

Because you are the **noblesse**, you have the **oblige**, which now you and only you can fulfill! I feel confident that you will succeed.

Our Very Own Clerical Staff

School isn't all textbooks, teachers, lab experiments, and term papers. There's much going on behind the scenes that most of us aren't aware of. Mr. Daywalt, and the rest of the gang here at MVHS spend a great deal of time setting the stage for us, while on an even broader level, Dr. Welte and his staff organize the entire Saddleback Valley Unified School District.

In these two pages we'd like to send them out thanks for all of their hard work and devotion.

The Guiding Lights

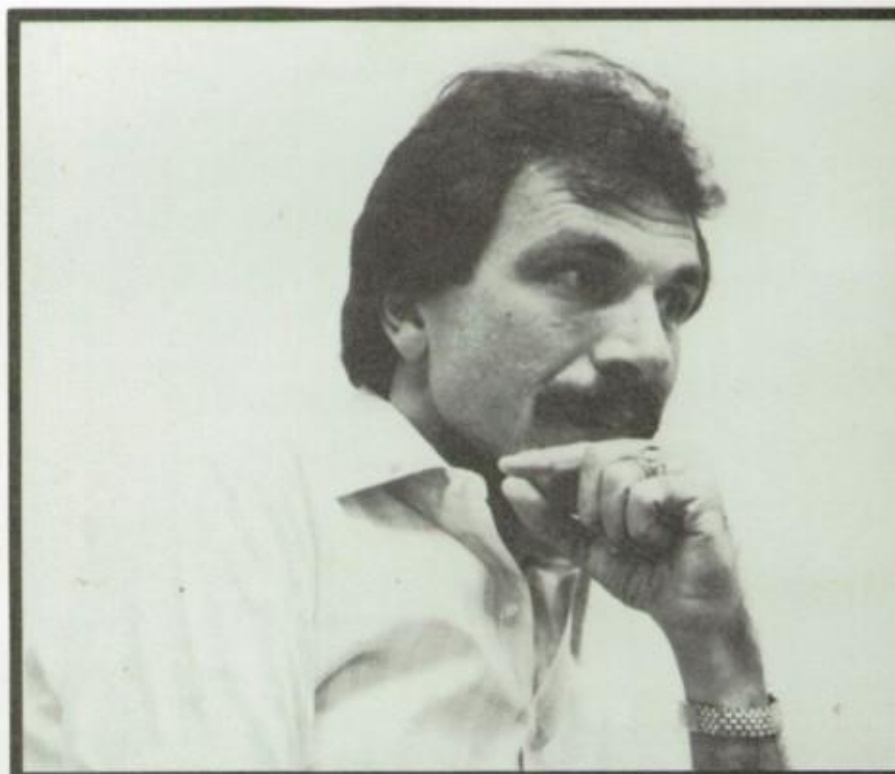

Before you contribute all the inspirations you had this year to your friends and teachers, please think twice and remember the people found on these two pages. Think of all the times when at least one of these people has helped and guided you. We of the El Viejo extend our gratitude to them in their dedication to our school and its students.

The Cafeteria Staff

The cafeteria staff, the instructional aides, and the custodians are the people who do jobs that are necessary to keep this school running. These people deserve the recognition of the students, for without them our school would be missing much.

The Instructional Aides

The Custodians

Now we have come to the end of this year's academic section and we'd like to once more express our thanks to the whole staff of Mission Viejo High School for making this school year great.

ASB Goes Bananas at the Zoo!

As the '77-78 school year draws to a close it may honestly be said that the year was one of accomplishment. The A.S.B. I will leave Mission Viejo High School soon but will retain all of my special memories. Thank you for making it all possible.

The American Field Service is a club which tries to bring different cultures and countries closer together. Making World Decisions

Model United Nations flew to Europe this year to participate in a simulated version of a United Nations conference. High school groups from all around the world participated in this event, each representing a selected country and point of view. Although intended as an educational trip, the M.U.N. group did its share of sightseeing and learning about other cultures. All in all, it was a trip that won't be forgotten by many of the members.

Speech Knows Its Point

This year's Speech team enjoyed a successful year as they competed in invitational tournaments at Loyola, Redlands, and Berkley. While competing in individual events such as Informative, Persuasive, Impromptu, and Humorous Speaking, and Dramatic Interpretation, the team also participated in group debate, arguing out the pros and cons of "Medical Care." Obviously, the Speech Team knows its subject.

Games People Play

If you have nothing to do with your Rooks, or are interested in Castling with other students then you'd be interested in joining the Chess Club next year. The members of the Chess Club this year attended tournaments where they were able to exercise the tactics and strategies they practiced at meetings. If chess isn't your game, Club Advisor Mr. Cotter has added Scrabble and Frisbee to make for well-rounded club activities.

The Junior Varsity and Frosh-Soph Cheerleaders are also deserving of credit in generating spirit in our school. These girls dedicate a lot of time and effort to entertaining the students at pep assemblies and cheering at all Frosh-Soph athletic events. The girls are also required to attend cheerleading camp during the summer. Many of these girls eventually become members of the Varsity squad and their experience enables them to bring fresh, new routines with them.

Excuse me, yes you, the Mission students. For 10,000 MVHS #1 buttons, can you tell me who puts up all those signs and posters around campus? The ones denouncing the El Toro Chargers and announcing the football games along with other exciting happenings? Bzzz. The Mission Viejo High School Pep Club is responsible. Under the direction of Cristi Fransen and Karen Lusk, Pep Club has kept our school spirited!

How Funky Is Your Chicken?

Much of the spirit which is generated in our school originates from twelve dedicated young ladies who make up the Varsity Cheer and Song Leaders. With the guidance of Mrs. Greco these young ladies perform at Pep Assemblies as well as at athletic functions, cheering the Diablos on to victory. These girls go through rather stiff competition to become a MVHS spirit leader. The girls are required to participate in cheerleading at their own expense as they buy all of their own uniforms and playday outfits.

Mission Belles Ring With Pride

Marching at the Colton Review.

Rehearsing five days a week during and after school, the Mission Belles Drill Team was in fine condition to face the fall marching season. Under the leadership of Captain Sally Sharr, Lieutenants Marie Piscatelli and Terry Meissner, and with the supervision of Miss Workman, the Mission Belles were a handsome part of the Diablo marching unit. The Drill Team performed for home game half-times and earned high scores at many parades this year.

"Voice of the Guns"

The Mission Viejo High School Diablo Marching Band under the direction of Mr. Mitchell Fennell and Mrs. Claire Horn has once again won a place among many of the best bands in California. Marching in class AA, the band attended parades such as the Colton Band Review, the Chino Band Review and the Santa Monica Band Review performing the competition march "Voice of the Guns." Aside from these competitive shows, the band entertained us at the half-times during football season.

FLAG CORPS

The Mission Viejo High School Las Diablas is a precision marching squad of girls who act as a color guard for the marching band. With the guidance of Mrs. Horn and the experience of captains Jamie McClellan and Laura Thomas, the Las Diablas added color and poise to the performances of the marching band. Their red and gold banners, flashy uniforms and booming muskets mark the arrival of our band. The Las Diablas also prepared half-time routines which were enjoyed by all spectators.

One of the many classes the music department offers Mission students is Jazz Ensemble. Jazz Ensemble I is an experienced performing group and has nineteen members this year. The group performed at many of the annual jazz festivals throughout Orange County and held concerts at our school. The Jazz Ensemble is directed by Mitch Fennell who has greatly improved the performance level of the group.

Mr. Fennell brings them in.

Orchestra has grown in every way! Over the past four years orchestra has consistently increased in members and in quality. This year, under the direction of Mr. Fennell, the string and wind players performed several concerts and attended festivals at Cypress and Saddleback Colleges. The group also participated in the annual musical which was "Carousel." The orchestra's successes of the 1977/78 school year have greatly contributed to our Performing Arts program.

A Caroling We Will Go!

The choirs this year were under the direction of Mr. Bowen. Thanks to his fine work and the fantastic enthusiasm of Mission's Concert Choir, Women's Chorus, and Chamber Choir, the Choral program has become one of the most outstanding organizations on campus. The groups attended quality festivals and performed concerts for the community throughout the year. For the great singers at Mission, 1977-78 has been a successful year!

The Keywanettes is a girls' organization that raised money and actively served our community throughout the school year. Each girl adopted a "grand parent" to visit at Beverly Manor. In addition they sold caramel apples on campus and helped with the bike-a-thon. President Linda Yetter and Advisor Mrs. Danzinger worked together arranging all of the Keywanettes' activities.

These girls have helped Mission to gain recognition for community service.

IN MEMORY

LOVE IS

I will give you as much as I can,
If you will show me how to give more,
Then I can give more.
I can only give as much as you need
To receive or allow me to give.
If you receive all I can give, then my
Love is endless and fulfilled.
If you receive a portion of my love,
Then I will give others the
Balance I am capable of giving.
I must give all that I have,
Being what I am.

Life's rough during second semester.

Reaches

Epidemic

Proportions

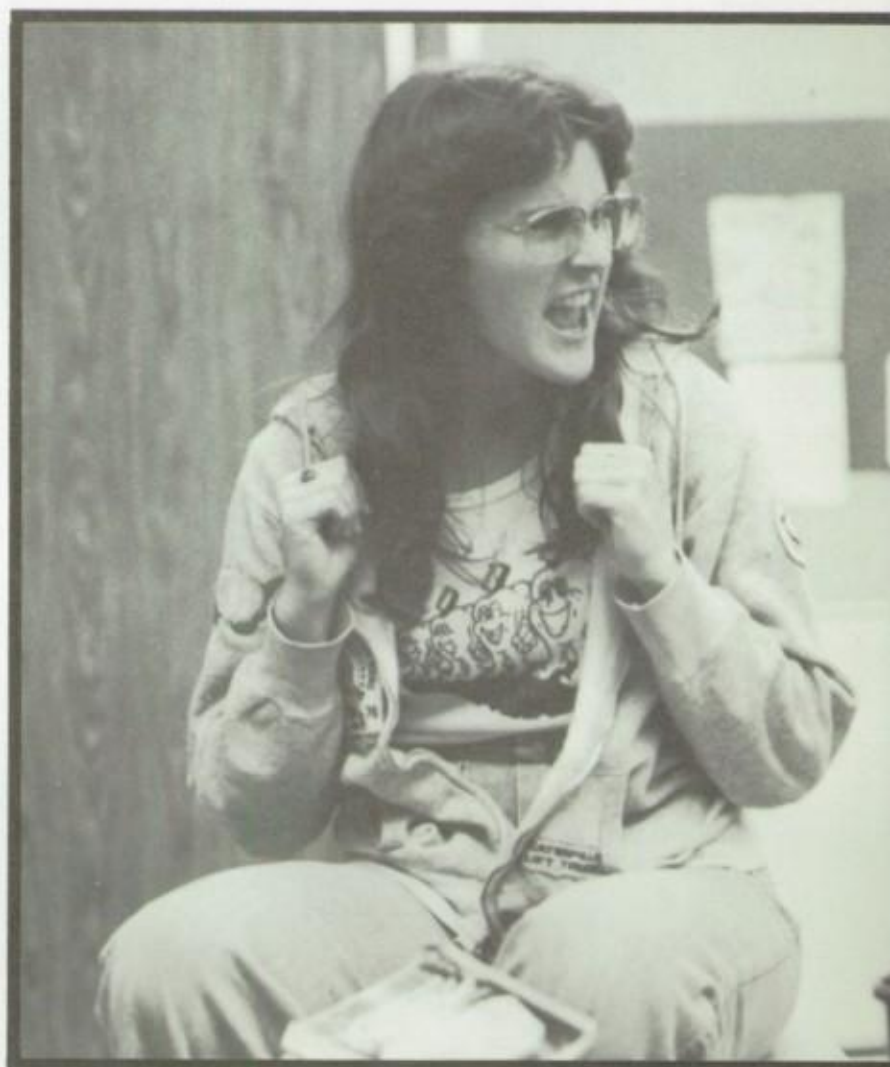

Mission Viejo High School has fallen victim to one of the worst epidemics in the history of the school. Symptoms of the illness, becoming more severe as the year wears on, ranging from stifled yawns, to frequent visits to the local beaches instead of class.

The infamous disease, dubbed **Senioritis**, has been diagnosed as the advanced stages of an extreme case of boredom and apathy. The results have been schoolwide; several victims have even been claimed among underclassmen, however the most serious outbreak has resulted in Seniors. No permanent antidote has yet

to be discovered to aid the stricken students, although 3 day weekends and all-night parties seem to bring temporary relief. Many veterans of the disease seem to be counting the seconds until Graduation, believing that the little piece of tassel will bring the end to all the hassle.

Possibly the solution has been found!

EDITOR'S NOTE

At this time, I would like to thank all my co-workers for all the assistance, support, and dedication you have given me during this past year. The memories compressed within the pages of this annual exemplify that hours of time and teamwork can accomplish feats which shall stand unique for all time. The pictures and words enclosed may only serve to recapture a minute fraction of your experiences from this past year; however, those special memories will forever be at your fingertips, and you have only to open the doors of your mind, and the pages of this book to once again relive them.
